Deerest

Introduction

The game spans five days. Day 1 features a tutorial on operations; Day 2 begins the official gameplay. With only five action points daily, careful allocation is crucial—numerous tasks await, and missteps may lead to a negative ending. Players are advised to proceed with caution.

Inspiration

These characters of mine draw inspiration from the characters in NetEase's Identity V. Their art style is referenced from Don't Starve and Identity V, while their backgrounds are derived from other indie games such as Dead Cells and Little Nightmares.

- noon
- afternoon
- evening
- night
- everyday you have 5 times to take actions

- front desk
- archives room
- storage room
- eat food
- take a walk
- receive treatment
- entertainment

Good ending: The father successfully rescued his daughter's soul, and his sanity returned to normal, and he lived a normal life from then on.

Bad ending: The father fails to save his daughter's soul, and the father suffers a mental breakdown, and the picture gradually turns dark.

Character Design

sketches

Ethan

Ethan: His daughter died in a crash. He's guilt-ridden, looks worn and old. Gave up painting. Now tries to save her soul in dreams and real life—he's tough.

Character Design

sketches

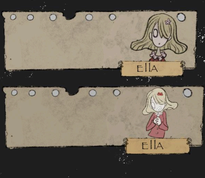

Evelyn

Evelyn, with her light golden long hair and a love for little deer, passed away in a car accident. She helps her father out of the darkness through dreams.

Character Design

sketches

Dr. Jett

Dr. Jett: gray-haired, old, masked, cold and scheming. Selfish, tricky. In dreams, a monster scares, blocks truth—evil. Once good, corrupted by greed.

Dialog Box

sketches

Bonecrow

Bonecrow: tall, in black robe with bird-beak mask, wields scythe and staff. Cruel, feeds on Ethan's fear, blocks truth—embodiment of his malice.

Map Design

This is the ward, where the protagonist sleeps and saves the game.

The archives room stores patients' records and has a key to unlock the safe in the game.

This is a place for storing sundries. There's an access card here that can open the door of the archive room.

This is the reception area, where you inquire about clues.

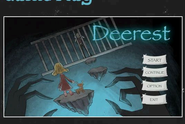

Map Design

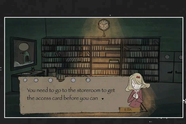

This is the place where the protagonist enters the dream after sleeping.
